LABOR ORGANIZATIONS WANT SUFFRAGE HERE

District and Maryland Federations
Heartily Indorse Campaign for
Congressional Representation.

CLAFLIN TO SEE COMMISSIONER

The Central Labor Union and the Maryland State and District of Columbia Federation of Labor have declared to the Delegate Association, through a representative, that they heartily indorse the campaign for a delegate from the District of Columbia in Congress, and that they are ready to assist in that campaign.

Samuel Gompers, president of the American Federation of Labor, also has declared for a District Delegate and has given the present campaign his personal indorsement and approval, and says that he will encourage and assist in securing representation for the District by a delegate.

Ray C. Claflin, chairman of the District Delegate Association, yesterday received a letter from Samuel Gompers, president of the American Federation of Labor, in which Mr. Gompers pledges his hearty personal support, as well as the support of the federation for the campaign.

Mr. F. J. Ryan, speaking for the Central Labor Union, stated that while the Federal Constitution reserves the right of jurisdiction over the District by Congress, does not provide that the people of the District should be deprived of a voice in their government and representation in Congress.

Commissioner Newman has invited Roy C. Claflin, chairman of the District Delegate Association, to confer with him regarding the proposal for a District delegate in Congress.

Mr. Claflin feels that a delegate should be granted the District before any general plan of reform is laid before Congress, so that the desires of the people of Washington can be a factor in the molding of reform legislation, thus assuring the people of the District some voice in the decision of what shall be their exact form of government.

EIGHTEEN INDICTMENTS FOUND.

Grand Jury Presents True Bills
Against Joseph Cooper and Others.

The grand jury yesterday returned an indictment charging Joseph Cooper, colored, with murder in the first degree in connection with the death of Matilda Maynard, June 26 last.

Alphonse Logan, Daniel Rees, and Jean L. Armour were indicted separately on charges of "joy riding" under Section 806 of the District Code. Armour was chauffeur for Admiral Victor Blue, chief of the Bureau of Navigation of the Navy.

Other indictments included: Housebreaking and larceny, Walter Holt; depredation, George Bradley; robbery, Max Chambers, Grand Waters; grand larceny, William R. Grady, Joseph M. Genella, Harold D. Sparks; non-support, Oliver Wendell Holmes, James X. Conner, Marcellus H. Kemp; larceny from the United States, John P. Felton, Henry E. Strong; housebreaking, Alphonse Lee, Herman Johnson.

RATE ON LEMONS/UPHELD.

Question of Freight Charges Argued Before Supreme Court.

The reasonableness of the rate of \$1 per hundred on lemons from California to the Atlantic seaboard was upheld in an argument made before the Supreme Court of the United States yesterday by Blackburn Estelins, special assistant to the Attorney General. The Interstate Commerce Commission reduced the rate from \$1.15 to \$1. The rate was upheld by the Commerce Court, and is now being attacked in the Supreme Court by interested railroads.

The railroads have asserted that the \$1 rate was fixed to permit competition between California and Sicilian lemons, and declared that this invalidated the order of the commission. Mr. Estelins declared that this question had been eliminated. He said that the reasonableness of the \$1 rate is a question of fact, and that the findings of the commission, and denied that the rate is confiscatory or in violation of the due process clause of the Constitution.

William E. Lamb, counsel for the California fruit growers and shippers, contended that the commission had not exceeded its jurisdiction in lowering the rate to \$1.

Woman Sues Coal Company.
Bertha G. Seebold has filed suit to recover \$10,000 damages from the White Oak Coal Company for alleged personal injuries. As a wagon of the company was unloading coal at Tenth Street and Grant Place, an employee, it is alleged, left a coal hole unguarded, into which the plaintiff fell.

Overflow Sewer at Poplar Point.
The District Commissioners and the Engineer Corps of the War Department reached an agreement yesterday for the construction of an overflow sewer at Poplar Point, Anacostia, the expense to be shared by the Federal and local governments. The cost of the drain will be \$10,000.

SIMON WOLF VIGOROUS AT THE AGE OF 77

Observing Birthday Anniversary, Lawyer and Author Defends the Jews in Russia.

ADVISES READING OF THE BIBLE

The passing of the seventy-seventh milestone of his life was quietly observed yesterday by Simon Wolf, author, diplomat, and lawyer, at his home in this city. Mr. Wolf took occasion to defend the Jews in Russia, and stated that for the last twenty years about 20,000 Jews had come to this country from Russia because of persecution in that country.

Mr. Wolf advised people to read the Bible more, but said that it should not be introduced into the schools as the teachers would be apt to give their own interpretations.

As an officer of the B'nai B'rith and other Jewish organizations Mr. Wolf has come into contact with every President of this country since James Buchanan. He has been an indefatigable worker against the caricaturing and defaming of the Jew on the stage, having been a member of the executive committee of the Anti-Defamation League for some time.

Mr. Wolf intends to write of his experience while in Turkey. His "Seven Immortals of American Political History" is well known.

Mr. Wolf has been a continuous resident of the District since he was a small boy. He came to this country from Bavaria with his parents when twelve years of age, going to Cleveland, Ohio, for a short time, and then coming to Washington. Like many other prominent persons Mr. Wolf grew younger instead of older, and predicts when his birthday rolls around next year that he will be a year younger than this year.

BAN ON "FAKE" JEWELRY.

Action Will Be Taken Against Auctioneers Who Dispose of It.

It was announced yesterday, following a consultation between Assistant Corporation Counsel Roger G. Whiteford, and Julius I. Peyer, attorney for the District Jewellers' Association, that auctioneers who dispose of "fake" jewelry will be proceeded against under an act of the General Assembly of Washington of 1912, which provides that auctioneers of annual license fee of \$200 and give bond of \$500 "for the honest and due performance of all duties required by law."

The new license year begins November 1. Mr. Whiteford states that he will recommend to the assessor, who issues licenses, that compliance with the requirements of this law be demanded. A further requirement of the law is that the applicant must be a resident of the city.

Regulations will be recommended by Mr. Whiteford to prohibit the ringing of bells and the display of nightgowns to attract customers to auctions.

PUBLIC UTILITIES ABSOLVED.

Board Declared Not Guilty of Negligence in Transfer Case.

In addition to describing the present status of the District's fight for universal transfers, the Commissioners will explain to the Senate that failure to enforce legislation now on the statute books requiring issuance of transfers between Washington street railway lines has not been due to negligence on the part of the Public Utilities Commission.

The commission is now considering the justice of issuing an order calling for reciprocal transfers. There probably will be additional hearings held and publication of their order will be delayed for some time.
